RE: Petition to Convene a Contested Case Proceeding to Establish Permanent Prices for Interconnection and Unbundled Network Elements Docket No. 97-01262

Pursuant to the TRA's Interim Order on Phase I (January 25, 1999) and Order for Reconsideration and Clarification of Interim Order on Phase I (November 3, 1999) BellSouth and AT&T filed on December 1, 1999 revised cost studies.

While the HAI Model can produce deaveraged rates for interconnection and unbundled network elements, the Authority does not know if BellSouth's TELRIC Calculator can be used to generate deaveraged rates. Therefore, the Authority requests that BellSouth provide the following to the TRA and other parties of record by April 13, 2000, 12:00 noon:

Can BellSouth derive geographically deaveraged UNE rates for at least three (3) zones from the results of the TELRIC Calculator Model for Tennessee?

For a speedy handling of these proceedings, this information can be faxed to us at 615-741-2336 Attention: Aster Rutibabalira. Should you have any questions regarding this request, please contact Aster Rutibabalira 741-2904, ext. 155.

Sincerely,

David Waddell
Executive Secretary
