On-Site Systems, Inc., a Public Utility Company
providing sewer service in Maury County, is
petitioning the Tennessee Regulatory Authority to
increase rates and add fees associated with the
operation of the company. The reason for this petition
is to allow the company to include in its revised rate
structure costs that were omitted in its original rate
structure and to add fees that are standard in the
utility business. The monthly fee for sewer service
being requested is \$36.39. This is an increase in
monthly sewer fee for all customers. Fees being added
are for nonpayment -5%, disconnection of service -
\$10.00, reconnection of service - \$15.00, and
returned check fee - \$20.00. These fees will increase
costs for some customers. A complete copy of the
proposed tariff changes and the reasons for them are
on file with the Tennessee Regulatory Authority and
are open to public inspection.
