**APPLICANT'S MOTION FOR PROTECTION OR CONFIDENTIAL TREATMENT
OF PROPRIETARY INFORMATION IN RESPONSES TO INFORMATION REQUESTS**

Applicant AccuTel of Texas, Inc. seeks confidential treatment of Exhibits B and C which are attached to its November 16, 2000, responses to the TRA's information requests. Exhibit B contains the Applicant's most recent financial statements. Exhibit C contains projections which are Tennessee specific and show expected capital expenditures. Applicant is not a publicly traded company, and this information is not otherwise available to Applicant's competitors. Disclosure of same could be competitively damaging to Applicant, and, therefore, would not be in the public interest.

WHEREFORE, PREMISES CONSIDERED, Applicant prays that the information contained in Exhibits B and C (which was submitted under seal) be treated as confidential and proprietary.

Respectfully submitted,
Mark Foster

Re: AccuTel of Texas, Inc. dba 1-800-4-A-PHONE (00-00672)

Dear Mr. Waddell:

In response to your request for information dated October 27, 2000, enclosed please find the responses to the following questions:

Financial Requirements:

Provide the following financial information of the Applicant:

1. Estimated cost of network, switches, and unbundled network elements (UNEs).

ANSWER: The company will not operate its own network or switches. Cost of UNEs is provided for in the standard interconnection agreement with BellSouth. The estimate cost of UNEs are shown under the column labeled "TN" in Exhibit A.

2. Complete audited (if available) current (Year 2000) financial statements that includes Balance Sheet, Income Statement, and Statement of Cash Flows.

ANSWER: See attached Exhibit B.

3. Three year capital expenditures budget which includes equipment to be deployed; cost of

equipment and sources of funding the Tennessee network, equipment, and UNEs: cash, loan commitments, vendor credits, letters of credit, etc. (complete detail). Note: Attachment C for the Data Response dated October 10, 2000 was mistakenly not included in the information submitted on October 10, 2000.

ANSWER: See attached Exhibit C.

TRA Rules for Local Telecommunications Providers:

Applicant should serve notice of its application on the eighteen (18) incumbent local exchange telephone companies in Tennessee with a statement regarding the company's intention of operating geographically. Provide a certified "notice of filing" to the ILECs that the Company served notice of its application.

ANSWER: AccuTel provided a certified "notice of filing" to the ILECS that the Company served notice of its application. Proper authorization: Mark Foster. Date sent: September 27, 2000.

Toll Dialing Parity Plan for Applicants Providing Voice Grade Service:

If the applicant does not intend to provide voice grade service, this does not apply. However, a statement must be included that states if the applicant chooses at some point in the future to provide voice grade service, they must file an appropriate toll dialing parity plan for TRA consideration at least 60 days prior to offering voice grade service. If the applicant offers Voice Grade Service, then a Toll Dialing Parity plan shall be filed with the application. Consistent with FCC Docket 96-98. Your IntraLATA Toll Dialing Parity Plan should include a statement regarding whether a PIC change charge waiver period is proposed and for how long.

ANSWER: See attached Exhibit D.

Please contact me if any further information is needed.

Very truly yours,

A handwritten signature in black ink, appearing to read "Mark Foster", written in a cursive style.

Mark Foster
Attorney for AccuTel of Texas, Inc.

IntraLATA Equal Access Implementation Plan

AccuTel of Texas, Inc., d/b/a 1-800-4-A-PHONE, (“AccuTel” or “the Company”) hereby provides an IntraLATA Equal Access Plan or Toll Dialing Parity Plan.

I. OBJECTIVE /PURPOSE

In compliance with the FCC's Order and 47 C.F.R. 51.213, AccuTel files the Company's plan for implementing intraLATA Equal Access ("the Plan") in the areas of the State in which the company will be certified to provide local exchange service.

The intent of the Plan is to permit voice service customers to route intraLATA toll calls automatically, without the use of access codes, to any interexchange carrier (“IXC”) of the customer’s choice that has established itself as an access customer under AccuTel’s Access Services Tariff.

II. IMPLEMENTATION SCHEDULE

Simultaneously, with AccuTel's initial offer of voice services, Premiere will offer dialing parity for intraLATA toll calls. At that time, AccuTel's retail customers will be able to choose any IXC that has established itself as an access customer under AccuTel's Access Tariff.

III. CARRIER SELECTION PROCEDURES

When voice services are offered, AccuTel will implement the full 2-PIC carrier selection methodology as required by the TRA. With the full 2-PIC methodology, customers will be able to

presubscribe to one telecommunications carrier for interLATA toll calls and to presubscribe to the same or a different participating telecommunications carrier for intraLATA toll calls.

Processes will be established to provide new customers with an opportunity to choose their intraLATA toll carrier. When voice services are offered, Company employees who communicate with the public, accept orders and serve in customer service capacities will be trained to explain to customers that availability of 2-PIC equal access, and to assist customers in making an initial PIC choice or in changing a PIC choice for intraLATA and interLATA toll calls.

IV. NEW CUSTOMERS

If requested by a voice service customer, AccuTel will provide a list of telecommunications carriers that are access customers and are maintaining a relationship with AccuTel pursuant to the provisions of the Company's Access Services Tariff. The list of intraLATA toll carriers will be presented in a competitively neutral manner. New voice customers who do not make a choice for an intraLATA toll carrier will be identified within AccuTel's system as "no-PIC" and will not be automatically defaulted to a carrier. New voice customers identified as "no-PIC" within AccuTel's system will be required to dial the access code of a different carrier to place intraLATA toll calls until they make an affirmative choice for an intraLATA toll carrier.

V. EXISTING CUSTOMERS

AccuTel is not yet a certified carrier in Tennessee and, thus, has no existing customers.

VI. INITIAL PIC REQUEST

A voice customer's initial PIC request will be made at no charge. No PIC change charge waiver period is proposed.

VII. CARRIER NOTIFICATION

Interexchange carriers that desire to become access customers shall notify AccuTel via letter or telephone call of their desire to obtain exchange access service information. AccuTel will send each requesting carrier an information package describing AccuTel's service, processes and applicable tariffs. Once AccuTel receives and processes an IXC's Access Service Request, that carrier will be added to the list of participating carriers made available to a requesting customer trying to choose a PIC. AccuTel will include a list of available switches in its information package provided to each IXC in response to an inquiry.

VIII. ANTI-SLAMMING PROCEDURES

AccuTel will enforce the FCC slamming rules currently in place from the December 23, 1998 Second Report and Order, CC Docket No. 94-129 pertaining to PIC Verifications and Preferred Carrier Freezes. AccuTel will enforce the FCC slamming liability rules as well.

IX. ACCESS to OPERATOR SERVICES and DIRECTORY ASSISTANCE

Access to Operator Services and Directory Assistance will continue to be available through the voice service customer's local exchange service provider or interLATA toll service provider. No industry standard has been established for access to Operator Services and Directory Assistance unique to the intraLATA toll service provider. For Operator Services, voice service customers will dial "0" to reach their local exchange operator and "00" to reach their interLATA PIC operator. For Directory Assistance, customers dial "1-411" in AccuTel's service territory for accessing the local exchange Directory Assistance and customers dial "1-NPA-555-1212" for accessing the interLATA PIC Directory Assistance.

The local and interLATA Operator Services and Directory Assistance may be branded by the local and interLATA service providers, as appropriate, based on the dialing pattern of the customer. Since no unique intraLATA dialing pattern currently exist in the industry, AccuTel is not capable of

identifying intraLATA calls to AccuTel's or the interLATA PIC operators or directory assistance representatives. As such, this procedure is considered in compliance with FCC Order No. 96-333, Rule 51-217 (d).

X. NON-DISCRIMINATORY ACCESS to TELEPHONE NUMBERS and DIRECTORY LISTINGS

AccuTel will provide non-discriminatory access to telephone numbers and directory listings at the time its begins to provide voice services.
