BUTLER SNOW LLP

**BEFORE THE TENNESSEE PUBLIC UTILITY COMMISSION
NASHVILLE, TENNESSEE**

RE:)
)
PETITION FOR EXPEDITED REVIEW) **DOCKET NO. 26-00001**
OF GROWTH CODE DENIAL BY THE)
NUMBER POOLING ADMINISTRATOR)
- CLEVELAND RATE CENTER)

**PETITION OF MCIMETRO ACCESS TRANSMISSION SERVICES LLC
d/b/a VERIZON ACCESS TRANSMISSION SERVICES
FOR EXPEDITED REVIEW OF NUMBER POOLING ADMINISTRATOR'S
DENIAL OF APPLICATION FOR NUMBERING RESOURCES**

MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services (“Verizon Access”) respectfully requests that the Tennessee Public Utility Commission (“Commission”) review the denial by the Number Pooling Administrator (“PA”) of Verizon Access’ application for a Thousand Block of contiguous telephone numbers in the Cleveland, Tennessee rate center, overturn that decision, and order that a Thousand Block be assigned to Verizon Access.

PARTIES

1. Verizon Access is a certificated competitive local exchange company that provides local exchange service and exchange access service in Tennessee. Verizon Access is the successor-in-interest of Intermedia Communications Inc.
2. PA is an independent non-governmental entity that is responsible for administering and managing the numbering resources in pooling areas. See 47 C.F.R. § 52.20(d).

BACKGROUND AND REQUEST FOR RELIEF

3. A business customer has requested 400 contiguous TNs, in the CLEVELAND TN rate center, to support a new hospital. To comply with its existing internal dialing plan, the customer

requires a contiguous range of 400 numbers where range does not start with a 9, and the first digit of the last four digits cannot start with a nine, or zero. The first digit of the last four digits may start with 1, 2, 3, 4, 5, 6, 7 or 8. A copy of the customer's letter explaining the circumstances is attached as Exhibit 1.

4. Because Verizon Access does not have 400 consecutive numbers in its inventory, it applied on December 31, 2025 to the PA for a Thousand Block in the Cleveland rate center. Verizon Access' application (Part 1) is attached as Exhibit 2.

5. The PA denied Verizon Access' request on the same day it was submitted. The request was denied on the grounds that we did not meet the FCC's utilization requirement nor the 6 months to exhaust. Specifically, the Cleveland rate center's months-to-exhaust calculation was 3.746 months and Verizon Access's number utilization was 62.4%. The Months-to-Exhaust Report reflecting these calculations is attached as Exhibit 2, along with the PA's denial of Verizon Access's application.

6. The FCC has delegated authority to the Commission to address the PA's denial of a request for numbering resources, stating that "[w]e agree ... that a safety valve mechanism should be established, and we delegate authority to state commissions to hear claims that a safety valve should be applied when the . . . Pooling Administrator denies a specific request for numbering resources."¹ Moreover, the FCC has determined that "a carrier should be able to get additional numbering resources when there is a verifiable need due to the carrier's inability to

¹ *Numbering Resource Optimization*, Third Report and Order and Second Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, FCC 01-362, CC Docket No. 99-200, CC Docket No. 96-98, CC Docket No. 95-116, ¶ 61(2001).

satisfy a specific customer request.” Specifically, states “may grant requests for customers seeking contiguous blocks of numbers.”²

7. The PA’s denial of sufficient numbering resources to Verizon Access to meet its customer’s request is inconsistent with the FCC’s position that “[u]nder no circumstances should consumers be precluded from receiving telecommunications services of their choice from providers of their choice for want of numbering resources.”³ By refusing to grant numbering resources sufficient to meet the needs of Verizon Access’s customer, the PA is preventing this customer from obtaining the service it wants from the carrier of its choice.

8. Verizon Access’ request for a Thousand Block to meet its customer’s request fits squarely within the framework established by the FCC for “safety valve” requests that the Commission is authorized to grant. Verizon Access respectfully requests that the Commission direct the PA to assign a Thousand Block for the Cleveland rate center so that Verizon Access can satisfy its customer’s request.

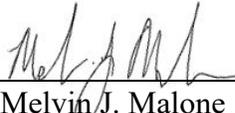

WHEREFORE, Verizon Access respectfully requests that the Commission review the PA’s decision to deny Verizon Access’s request for additional numbering resources, overturn that decision, and direct the PA to assign Verizon Access a Thousand Block in the Cleveland rate center.

² *Id.* ¶ 64.

³ *Numbering Resource Optimization*, Second Report and Order and Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, and Second Further Notice of Proposed Rulemaking in CC Docket No. 99-200, FCC 00-429, CC Docket No. 99-200, CC Docket No. 96-98, ¶ 61 (2000).

Respectfully submitted on January 9, 2026.

Friday, December 26, 2025

Verizon Business Services
One Verizon Way
Basking Ridge, NJ. 07920

The New Encompass Health hospital being built in Cleavland, TN needs 400 contiguous DID numbers for our new 50 bed hospital. To successfully implement this project, we require contiguous range of 400 numbers where range does not start with a 9 due to our internal dialing plan. The first digit of the last four digits cannot start with a nine, or zero. The first digit of the last for digits can start with 1,2,3,4,5,6,7 or 8.

Example: 423-244-1XXX
423-244-2XXX
423-244-3XXX
423-244-4XXX
423-244-5XXX
423-244-6XXX
423-244-7XXX
423-244-8XXX

We require the 400 numbers in a square block.

Example: 423-244-1000\1099
423-244-1100\1199
423-244-1200\1299
423-244-1300\1399

The service address for the numbers will be 1241 Dakota Sage Way NE, Cleveland, TN.

Encompass Health has placed an order with Verizon Business for services requiring 400 contiguous DID numbers to be put into service by 02/01/2026.

Jonathan Collins and I are the contact points for this request.

If yes, are you exiting the market: Yes No

I acknowledge I have completed all Intra SP ports in the NPAC and protected the Thousands-Block from further assignment.

Comments:

1.8 Certification Statement

I hereby certify that the information on this application is true and accurate to the best of my knowledge, and that this application has been prepared in accordance with the Thousands-Block and Central Office Code Administration Guidelines (TBCOCAG) posted to the ATIS web site (<http://www.atis.org>) as of the date of this application.²¹

Signature of Applicant: *Dyan Adams*

Date: 12/31/2025

Instructions for filling out each Section of the Part 1 form:

Section 1.0: Contact information requires that Service Providers (SP) supply under "Applicant" the company name, company headquarters address, a contact within the company, an address where the contact person may be reached, in addition to the phone and e-mail address.

Section 1.2: The SP shall supply the Numbering Plan Area (NPA); the Local Access Transport Area (LATA), which is a three-digit number that can be found in the iconectiv[®], LLC LERG[™] Routing Guide²². The Operating Company Number (OCN) assigned to the SP and the OCN of its parent company. An OCN is a four-character alphanumeric NECA-assigned Company Code or a four-character alphanumeric identifier assigned by the iconectiv Telecom Routing Administration (TRA). The Switch Identification (Switching Entity/POI) and for Central Office (CO) Code requests the **Tandem Homing CLLI^{™23}** shall also be entered. Explanations of these terms may be found in the footnotes. In addition, when requesting Thousands-Blocks or CO Codes for LRN or Pool Replenishment in a Pooling Rate Center the number of Thousands-Blocks requested shall be supplied.

Section 1.3: The date the Service Provider (SP) completes the application shall be entered in this section. For Central Office (CO) Code requests the Effective Date of the requested CO Code shall be entered. For Thousands-Block requests and CO Code requests for LRN or Pool Replenishment a Pooling Rate Center the Effective Date of the requested Thousands-Block shall be entered.

Section 1.4: For Central Office (CO) Code request, the Service Provider (SP) may indicate their preference for a particular CO Code, e.g., 321-6XX, or indicate any CO Code that may be undesirable, e.g., 321-6XX. When requesting Thousands-Blocks or CO Codes for LRN or Pool Replenishment in a Pooling Rate Center, SPs may indicate their preference for a particular Thousands-Block, e.g., NPA-321-9XXX, or indicate any Thousands-Blocks that may be undesirable, e.g., NPA-321-6XXX.

Section 1.5: Service Providers (SP) indicate the type of request. Initial requests are for first applications for a Thousands-Block and/or Central Office (CO) Code in a Rate Center, Growth applications are for additional Thousands-Blocks and/or CO Codes in a Rate Center in which the Applicant already has Numbering Resources, and provide the required evidence as ordered by the FCC.

Section 1.6 Service Providers (SP) indicate when the request is for a modification and the type of change. Rate Center and Tandem Homing CLLI changes only apply to Central Office (CO) Codes. Part 1B changes only apply to Thousands-Blocks.

Section 1.7: Service Providers (SP) indicate when the request is for a disconnect. When the request is to disconnect a Thousands-Block, SPs shall also indicate the updated/current information in regards to contaminated Telephone Numbers (TN) on the Thousands-Block they are returning to the Industry Inventory Pool. Thousands-Blocks with over 10% contamination (101 TNs or more) shall not be returned to the Industry Inventory Pool except when a SP is exiting the market or is exchanging a Thousands-Block that was identified as being over 10% contaminated. If the Thousands-Block being returned is over 10% contaminated, the North American Numbering Plan Administrator (NANPA) shall seek a new Thousands-Block Holder.

¹ Identify type and reason for change(s) in Section 1.6.

² The contact information for the North American Numbering Plan Administrator (NANPA) may be located at <https://www.nanpa.com>.

³ The NXX field is required for any Thousands-Block or Central Office (CO) Code modification or disconnect.

⁴ The X field is required for any Thousands-Block modification or disconnect.

⁵ Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to Central Office (CO) Code (NPA-NXX) assignments and Thousands-Block (NPA-NXX-X) assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments may contact NECA (800-228-8597) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignment should direct questions regarding appropriate OCN usage to the Telecom Routing Administration (TRA) on 732-699-6700.

⁶ Each OCN is categorized to identify the type of company associated with a Company Code / OCN. Such information for a particular OCN is available in the LERGTM Routing Guide (LERG 1 table).

⁷ This is an eleven-character descriptor of the Switching Entity/Point Of Interconnection (POI) provided by the owning entity for the purpose of routing calls. This is the eleven-character iconectiv[®] Common Language Location Identification (CLLITM) Code of the applicant's Switching Entity/POI. (iconectiv[®] and Common Language[®] are registered trademarks and CLCITM, CLLITM, LERGTM Routing Guide and TPMTM Data Source are trademarks and the Intellectual Property of iconectiv[®], LLC.)

⁸ This is an eleven-character descriptor of the Switching Entity/Point Of Interconnection (POI) provided by the owning entity for the purpose of routing calls. This is the eleven-character iconectiv[®] Common Language Location Identification (CLLITM) Code of the applicant's Switching Entity/POI. (iconectiv[®] and Common Language[®] are registered trademarks and CLCITM, CLLITM, LERGTM Routing Guide and TPMTM Data Source are trademarks and the Intellectual Property of iconectiv[®], LLC.)

⁹ Rate Center name shall be a tariffed Rate Center associated with toll billing and in the LERGTM Routing Guide.

¹⁰ Applies to any Central Office (CO) Code Applicant connecting to the Public Switched Telephone Network via a tandem owned by a different Service Provider (SP).

¹¹ This is an eleven-character descriptor provided by the owning entity for the purpose of routing calls. This shall be the CLLI Code of the Switching entity/Point of Interconnection (POI), and is the same on Part 2, Form 1, Page 2 of 2.

¹² Central Office (CO) Code Applicants should request an effective date that is at least 59 calendar days from the submission of this form. It should be noted that interconnection arrangements and facilities need to be in place prior to Activation of a CO Code. Such arrangements are outside the scope of these guidelines.

¹³ Requests for Central Office (CO) Code assignment shall not be made more than six months prior to the requested Effective Date.

¹⁴ When your company is its own AOCN please provide the following in the remarks field: I act as my own AOCN and agree to reduce the input timeframe to [enter days]. When your company is not its own AOCN please provide the AOCN's acknowledgement and agree to reduce the input timeframe to [enter days] and expedite letter from your homing tandem operating company when requesting a new CO Code.

¹⁵ Please ensure that the Central Office (CO) Code (NPA-NXX) of the LRN to be associated with this Thousands-Block(s) is/will be active in the PSTN prior to the effective date of the Thousands-Block(s).

¹⁶ In NAS, Thousands-Blocks from CO Codes not activated in the PSTN are identified as Available Pending (AP) on reports.

¹⁷ The Applicant shall indicate "Yes" if the Central Office (CO) Code being requested shall be used for Thousands-Block Number Pooling or indicate "No" if the CO Code being requested shall be used for a non-pooled CO Code or a dedicated customer where the Thousands-Block will not be built in BIRRDS.

¹⁸ The Applicant shall indicate "Yes" if the Dedicated Customer Central Office (CO) Code being requested, or the Thousands-Block being ISP Thousands-Block Ported, shall be identified as Thousands-Block Number Pooled in BIRRDS/LERGTM and have all 10 Thousands-Block records built. The Applicant shall indicate "No" if the CO Code being requested shall be used as a non-pooled CO Code for a Dedicated Customer or the Thousands-Blocks being ISP Thousands-Block Ported shall not be identified as Thousands-Block Number Pooled in BIRRDS/LERGTM and have all 10 Thousands-Blocks built.

¹⁹ Select if you are the current Thousands-Block or Central Office (CO) Code Holder

²⁰ Select if you are not the current Thousands-Block or CO Code Holder

²¹ The Thousands-Block/Central Office (CO) Code applicant certifies veracity of this form by signing their name, and providing their title and date.

²² iconectiv[®], LLC and Common Language[®] are registered trademarks and CLCITM, CLLITM, LERGTM Routing Guide and TPMTM Data Source are trademarks and the Intellectual Property of iconectiv[®], LLC.

²³ This is an eleven-character descriptor provided by the owning entity for the purpose of routing calls. This shall be the CLLI Code of the Switching entity/Point of Interconnection (POI), and is the same on Part 2, Form 1, Page 2 of 2.

I. Utilization¹⁰:

$$\frac{\text{Assigned Numbers (B)}}{\text{Total Numbering Resources (C) - Excluded Numbers (D)}} \times 100 = \underline{62.400}$$

Explanation:

¹ A copy of this worksheet is required to be submitted to the North American Numbering Plan Administrator (NANPA) when requesting additional Numbering Resources in a rate center. For auditing purposes, the applicant shall retain a copy of this document.

² List all Numbering Resources allocated to the Service Provider OCN for the requested Rate Center, including newly acquired Central Office (CO) Codes (NPA-NXX) and Thousands-Blocks (NPA-NXX-X). This information is available from the Total Numbering Resources Report in NAS and shall automatically populate on this form in NAS. When an exception exists, the Applicant shall adjust the auto-populated list and shall provide an explanation of the adjustment in the Explanation field.

³ The total quantity of numbers available for assignment from the Numbering Resources allocated to the OCN for the requested Rate Center, including newly acquired CO Codes (NPA-NXXs) and Thousands-Blocks (NPA-NXX-Xs). When an exception exists, the Applicant shall adjust the auto-populated number as needed and provide an explanation of the adjustment in the Explanation field (e.g., to increase the number of available resources due to pending applications in the same rate center, or for documentation purposes for safety valve waivers).

⁴ The total quantity of Numbering Resources allocated to the Service Provider OCN for the requested Rate Center, including newly acquired CO Codes (NPA-NXXs) and Thousands-Blocks (NPA-NXX-Xs). This information is available from the Total Numbering Resources Report in NAS and shall automatically populate on this form in NAS. When an exception exists, the Applicant shall adjust the auto-populated number as needed and provide an explanation of the adjustment in the Explanation field (e.g., to increase the total number of resources to include pending applications in the same rate center, or for documentation purposes for safety valve waivers).

⁵ Quantity of numbers activated in the past 90 days indicates newly acquired Thousands-Blocks (NPA-NXX-X) and/or Central Office (CO) Codes (NPA-NXX) received from the administrator and shall be reported in increments of 1,000 or 10,000 TNs (e.g.: 2 Thousands-Blocks received = 2,000 and 1 CO Code received = 10,000).

⁶ Net change in Telephone Numbers (TN) no longer available for assignment in each previous month, starting with the most distant month as Month 1, and Month 6 as the current month.

⁷ Forecast of Telephone Numbers (TN) needed in each following month, starting with the most recent month as Month 1.

⁸ This field is automatically calculated and populated on this form in NAS.

⁹ This field is automatically calculated and populated on this form in NAS. To be assigned an additional Thousands-Block (NPA-NXX-X) and/or Central Office (CO) Codes (NPA-NXX) for growth, "Months to Exhaust" shall be less than or equal to 6 months. (47 CFR § 52.15 (g) (4) (iii)).

¹⁰ This field is automatically calculated and populated on this form in NAS. To be assigned an additional Thousands-Block (NPA-NXX-X) and/or Central Office (CO) Codes (NPA-NXX) for growth, "Utilization" shall be 75% or more (47 CFR § 52.15 (h)). Newly acquired Numbering Resources may be excluded from the Utilization calculation (47 CFR § 52.15 (g)(4)(ii)).

Administrator's Response/Confirmation - Part 3
