Re: Notification of LMK Communications LLC Regarding a Completed Transaction

Dear Chairman Hillard:

On behalf of Charter Communications, Inc., Cox Communications, LLC, and LMK Communications LLC please find a copy of the notification to the Tennessee Public Utility Commission describing a transaction which resulted in a change of the ultimate indirect ownership of LMK Communications LLC. The attached notification signed by the appropriate corporate representative explains the details.

Copies of this filing will be mailed to your office. Should you have any questions concerning this filing or require additional information, please do not hesitate to contact me.

Sincerely,

PHELPS DUNBAR LLP

Re: Notification of LMK Communications, LLC Regarding a Completed Transaction

Mr. Lawless:

Charter Communications, Inc. ("Charter"), Cox Communications, LLC ("Cox"), and Cox's certificated Tennessee subsidiary LMK Communications, LLC ("LMK Communications" and together with Charter and Cox, the "Parties") hereby respectfully provide this notice (the "Notice") to the Tennessee Public Utility Commission (the "Commission") of a transaction that resulted in an indirect change of control of LMK Communications from Cox Enterprises, Inc. ("CEI") to Charter (the "Transaction"). On August 19, 2026, the Parties consummated the Transaction, and Charter became the ultimate parent of Cox and its subsidiaries, including LMK Communications. Although the Transaction changed the ultimate ownership of LMK Communications, it did not transfer any of its assets, authorizations, or customers. As before the Transaction, LMK Communications continues to provide enterprise services under Cox's Segra brand and remains authorized to provide resold and facilities-based competing local exchange and interexchange telecommunications services in Tennessee.

Because LMK Communications has elected to operate pursuant to market regulation and is therefore exempt from requirements to obtain the Commission's prior approval for mergers and similar transactions, the Parties understand that formal notification of the Transaction is not required.¹ Nonetheless, the Parties provide this Notice as a courtesy to inform the Commission of this indirect change in the ultimate ownership of LMK Communications. To ensure the completeness and accuracy of the Commission's records, additional information about the Parties and the Transaction is detailed below.

¹ See Tenn. Code Ann. § 65-5-109(m).

I. DESCRIPTION OF THE PARTIES

A. Charter

Charter,² through its operating subsidiaries, is now the nation's leading broadband and video company, offering a full range of state-of-the-art residential and business services to customers in 45 states through the Spectrum brand.³ Here in Tennessee,⁴ Charter already proudly served 500,000 customers across 245 communities even before the Transaction. Through its continued investment in network infrastructure, Charter contributes significantly to Tennessee's economy, including approximately \$256 million in capital investment in the state in the last year alone.

B. Cox and LMK Communications

Cox,⁵ now a subsidiary of Charter, operates fiber-optic and hybrid fiber/coaxial cable networks through its subsidiaries in 35 states, providing broadband, video, voice, and wireless services as well as managed services, cloud-based offerings, and other business-oriented communications solutions.

Cox's Commission-regulated operations are limited to its Segra unit, a commercial fiber infrastructure solutions provider Cox acquired in 2021, that provides enterprise services to business customers under the Segra brand, including through LMK Communications.⁶

² Charter is a publicly traded corporation organized under the laws of Delaware and headquartered at 400 Washington Blvd., Stamford, Connecticut 06902.

³ Press Release, Charter Communications, *Spectrum Says "Hi!" to 11+ Million Homes and Businesses Across Major Markets Including Las Vegas, New Orleans, Norfolk, Oklahoma City, Orange County, Phoenix, Providence and San Diego* (Sept. 16, 2026), <https://corporate.charter.com/newsroom/spectrum-says-hi-to-11-million-homes-and-businesses>.

⁴ Charter's Tennessee operations include four telecommunications subsidiaries certificated by the Commission. Charter Fiberlink – Tennessee, LLC operates as a competing local exchange ("CLEC") and an interexchange ("IXC") carrier pursuant to authority granted by the Commission in Docket Nos. 03-00521 and 12-00144, and is designated as an Eligible Telecommunications Carrier ("ETC") for the areas in which it receives Rural Digital Opportunity Fund ("RDOF") support. DukeNet Communications, LLC operates as a CLEC and an IXC pursuant to authority granted by the Commission in Docket No. 09-00051. Time Warner Cable Information Services (Tennessee), LLC ("TWCIS") operates as a CLEC and an IXC pursuant to authority granted by the Commission in Docket No. 11-00179, and is designated as an ETC for the areas in which it receives RDOF support. Time Warner Cable Business LLC operates as an IXC pursuant to authority granted by the Commission in Docket No. 13-00087. The Transaction did not result in any change in control or ownership of Charter's Tennessee affiliates, including subsidiaries that provide cable and broadband not regulated by the Commission. As Charter's Tennessee affiliates did not undergo a change in control or ownership as a result of the Transaction, they are not the subject of this Notice.

⁵ Until the completion of the Transaction, Cox was owned by CEI, which is a privately held, family-owned Delaware corporation headquartered at 6205-A Peachtree Dunwoody Road, Atlanta, Georgia 30328.

⁶ Cox's Tennessee subsidiary, LMK Communications, is certificated as a CLEC and an IXC pursuant to authority granted in Docket Nos. 09-00117 and 10-00018.

Accordingly, Cox does not offer mass-market residential services in Tennessee and instead only serves enterprise customers in the state through LMK Communications.

II. REGULATORY CONTACT

Regulatory inquiries regarding LMK Communications may be directed to the following:

Mike Chowaniec
Charter Communications, Inc.
400 Washington Blvd.
Stamford, CT 06902
Tel: (203) 561-3492
Email: michael.chowaniec@spectrum.com

III. DESCRIPTION OF THE TRANSACTION AND THE PUBLIC INTEREST

On May 16, 2025, Charter, its subsidiary Charter Communications Holdings, LLC, and CEI entered into an agreement to bring Charter and Cox under common ownership.⁷ Through this Transaction, which was consummated on August 19, 2026, Cox and its subsidiaries became subsidiaries of Charter.⁸ As a result, Charter now indirectly owns LMK Communications, which has retained all of its assets, customers, and authorizations. Accordingly, the Transaction did not change any Tennessee telecommunications customer's service provider. Organizational diagrams reflecting the ownership of LMK Communications before and after the Transaction are included with this Notice as Attachment A.

The Transaction combines the resources and experience of Charter and Cox, substantially benefiting Tennessee customers and strengthening Charter's ability to invest and innovate. The enhanced capabilities of the combined company also will place greater competitive pressure on other providers, helping to improve the availability, quality, and pricing of services throughout its footprint, including those offered by Charter's and Cox's registered subsidiaries and by their non-regulated affiliates. Accordingly, the Transaction creates a more competitive communications marketplace and delivers higher-value services across the range of products available to Tennessee residential and business customers.

Pre-closing and Post-closing Organizational Diagrams for Charter and Cox

Cox Pre-Transaction Ownership

Notes

¹ The Cox Family Voting Trust, which controls 100% of the voting stock of CEI, is controlled by three trustees: Sanford H. Schwartz, James C. Kennedy, and Alex C. Taylor, each of whom is a U.S. citizen.

* All ownership figures, in this and subsequent charts, are 100% except where otherwise noted.

Charter Pre-Transaction Ownership

Notes

² As of January 14, 2026, LBC held approximately 32.41% of the outstanding shares of Charter's Class A common stock. Pursuant to agreement, LBC must vote and exercise rights to consent with respect to voting securities held in excess of 25.01% in the same proportion as all other votes cast by stockholders other than Advance/Newhouse Partnership and LBC on all matters other than certain excluded matters, giving it an effective voting power of 25.01%. In addition, as of January 31, 2026, John C. Malone beneficially owned shares representing the power to direct approximately 16% of the aggregate voting power in LBC. All LBC estimates are based on LBC's proxy statement disclosures.

³ Advance/Newhouse Partnership, as of Dec. 31, 2025, held a minority interest in Charter Communications Holdings, LLC convertible to approximately 10.91% in Charter, as well as a direct common stock interest in Charter of approximately 2.21%, which is, in the aggregate, equivalent on an as-exchanged basis to a 13.12% interest in Charter. A/NPC Holdings LLC, a Delaware LLC, held a 99% direct interest in Advance/Newhouse Partnership. Newhouse Cable Holdings LLC, a New York limited liability company, held a 61.24% direct interest in A/NPC Holdings LLC. Newhouse Broadcasting Corporation, a New York corporation, held a 100% direct interest in Newhouse Cable Holdings LLC.

⁴ As of Dec. 31, 2025.

† Additional Charter entities operate in this state which are not subject to this transfer of control application.

Post-Transaction Ownership

Notes

⁵ As of August 19, 2026, Advance/Newhouse Partnership ("A/N Partnership") owns approximately 3.1 million shares of Charter Class A common stock, equivalent to 1.78%, and one share of Charter Class B common stock, which entitles A/N to a vote equal to the number of shares of Class A common stock into which the Class B common units held by A/N and its affiliates are convertible or exchangeable. A/N also holds Class B common units of Holdings which are, at A/N's request, convertible, at Charter's option, into cash or approximately 15.5 million shares of Charter Class A common stock. Including this 1.78% interest in Charter Class A common stock and A/N Partnership's 8.81% interest in Holdings common units, A/N Partnership owns an approximate 10.59% equity interest in Charter, on an as-exchanged and as-converted basis.

⁶ As of August 19, 2026, Holdings issued to a subsidiary of CEI 60 million convertible preferred units of Holdings, convertible to approximately 12.6 million common units of Holdings, and approximately 33.6 million common units of Holdings. Charter also issued to that subsidiary of CEI one share of a new Class C common stock of Charter that has a number of votes per share that reflect the voting power of the Holdings common units and the Holdings convertible preferred units held by that subsidiary on an as-converted, as-exchanged basis.
